**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a residential consumer that who use an ISP that uses unbundled copper and inter-city fiber transport elements (UNEs) to compete in the residential marketplace. I would be materially affected by changes to DSL services.

I chose my small local ISP over the large companies like AT&T and Comcast because it IS competitive, in rates, was well as quality and customers service.

I am a computer science PhD student and I do all my work from home over the internet.
